

ERASMUS+ KA2 PROJECT “MEDIA LAB FOR BRIDGING CROSS BORDER GAPS”

Project number 2018-1-LT02-KA205-005715

Efficient planning and implementation of interventions
for critical thinking of youth through Media Literacy

24-27 September, 2020

Vilnius

Training Agenda

Aim of this training is to introduce participants with products prepared during the project and support efficient planning and implementation of any investments in the education of youngsters in media literacy.

Target groups of this training: policy makers, researchers, youth workers, trainers, teachers, other practitioners, working in the field of educating youngsters on media literacy – planning and implementing.

As a main result of this training, we see prepared action plans/ strategies on how participants can use in practice products prepared during the project and support efficient planning and implementation of any investments in education of youngsters in media literacy.

Project material is here:
